

**Children's Dyslexia Centers, Inc.
Our Mission**

We are a dedicated organization of people who believe every child should have access to high-quality reading and writing instruction. We're helping children to successfully meet the literacy demands in school and their future careers.

Since 2004 Children's Dyslexia Center-Central New York has helped over 235 Children in the Central New York area discover the gift of reading, opening them up to a world of opportunity that once seemed unattainable. We have also trained over 111 local educators in best practice approach to teaching reading skills. The need for these services is substantial, and we are committed to helping children with dyslexia in our community reach their full potential.

We're walking and raising money to run our program and teach dyslexic children skills needed to overcome their disability.

As many as one in five U.S. school children are living with dyslexia. Dyslexia can't be cured, but it can be overcome. The program offered at the Children's Dyslexia Centers Inc. offers the most effective treatment of its kind in battling this disorder. No one else in the nation has a program remotely like it with one-on-one professional tutoring offered to children free of charge.

We need your help!
